

TSP700II Series

High Speed Multi-functional Barcode, Label, Ticket and Receipt Printers

- Introducing the world's fastest single station receipt printer capable of producing barcodes, labels and tickets at a rapid 250mm per second
- Large paper roll diameter up to 100mm providing almost twice as much paper capacity
- "Drop-In & Print", easy paper loading. Literally drop a roll of paper into the printer, close the lid, and it's loaded!
- Full or partial cut autocutter (centre) MCBF 2 million cuts
- New splash resistant design with easy-clean curves for robust kitchen / bar use
- Available in Star white or Charcoal grey with serial, parallel, USB (WHQL certified) or no interface versions. User installable, low cost Ethernet option also available
- Compatibility with the majority of operating platforms with a quality suite of drivers including Microsoft WHQL certification for the TSP700II using the USB interface for seamless integration
- Double Density (406 x 203 dpi) print resolution for high quality graphics & ID photos
- Easy-to-use AutoLogo™ marketing / stock management tool with the ability to configure / download up to 15 graphics or coupons without any expensive software changes or complicated set up procedures

TSP700II Driver / Advanced Configuration utility

- The "Image List" allows users to name and even import multiple file types without having to use an external image editing utility. This is particularly useful for single users to prepare an image (size, shade, pixel output) and then test print it to check the final quality
- NV logo allows users to quickly and easily download logos to the printer
- Ability to change Memory Switches in an easy-to-use graphical user interface
- The new built-in Ethernet Set-up feature avoids having to download a separate utility
- The Virtual Serial Port allows communication over Ethernet or USB using software limited to serial output
- Auto-Text Reverse for vertical use is available from the Device settings menu in raster mode
- The Enable Value Add function allows users to use some futurePRINT features such as text processing and couponing. Please contact your reseller for more information.
